

DIRECTOR OF CHILDREN'S DISCIPLESHIP POSITION DESCRIPTION

VISION:

We envision a growing ministry in which children joyfully, playfully experience the love of Christ and are shepherded into a deep devotion to God. Children actively participate in all the ministries of the church as doers not only as recipients. Strategies involving creativity, personal networks, and technology attract families with children in the community to our Sunday school. Parents are key stakeholders and become equipped to both participate in this ministry and to feel confident as they raise their children in Faith.

DIRECTOR

We seek a part-time Director of Children's Discipleship and Evangelism who has the skills and experience to help us achieve our vision. Approximately 20 hours per week on a flexible schedule, starting with School Year 2019-20. The salary is dependent upon experience and skills.

- Lead our Sunday School in which the kids have a great time, grow spiritually, want to return, and invite others to join them.
- Work with Worship Committee to create opportunities for the children to regularly participate in worship as leaders and helpers, not only as learners.
- Work with the Mission Committee to create opportunities for children to serve such as sharing their love with those in need.
- Bring new families in from the community by developing and following a sound strategy that includes welcoming experiences, social media, and developing relationships, in collaboration with Evangelism Committee as appropriate.
- Engage the parents to support the ministry and will create opportunities to foster relationships across families and within the Congregation.
- Will be a bridge between our preschool families and our church families.
- Become a loving leader to whom the children gravitate and will trust.
